Greenbrier, TN 37073

Subject: **Late Application (Notice of Intent) Warning Letter
NPDES MS4 Permit Tracking No. TNS077810
City of Greenbrier
Greenbrier, Robertson County, Tennessee**

Dear Mayor Wilson:

The NPDES General Permit for Discharges from Small Municipal Separate Storm Sewer Systems (MS4) became effective October 1, 2016. The permit contains the following deadlines for submitting a municipality's Notice of Intent (NOI).

2.1. Deadlines for Notification

If the division designates a municipality or nontraditional MS4 as a small MS4, the designee is required to submit a NOI to the division at the appropriate EFO (see sub-part 1.2) within 180 days of notice. Existing permittees must submit an NOI within 90 days of the effective date of this permit, unless a permittee (1) intends to adopt programs that exceed the minimum requirements of federal law, and (2) currently administers post construction stormwater through control mechanisms other than ordinances or resolutions. In these cases the permittee must submit its NOIs within 180 days of the effective date of this permit.

As of the date of this letter we have not received an NOI for your municipality. Since it is beyond the time limit established in the permit, a complete NOI must be submitted to our office within 15 days of the date of this letter. Failure to comply with this request may result in our referring this matter to our Compliance and Enforcement Section for possible action, including potential civil penalties. If there is some reason that you cannot comply with this request, please contact us immediately.

Copies of the NOI form can be obtained at: http://environment-online.state.tn.us:8080/pls/enf_reports/f?p=9034:34051:::NO:34051:P34051_PERMIT_NUMBER:TNS000000.

We accept and encourage electronic document submittals. If you have questions, please contact the Nashville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Paul Higgins at (615) 532-1178 or by E-mail at Paul.Higgins@tn.gov.

Sincerely,

Vojin Janjić
Manager, Water-Based Systems
